### **DETAILED ACTION**

This Office action is in response to Applicant's amendment filed on April 29, 2002. Claims 1-20 are presented for further examination.

#### ***Claim Objections***

1. Claims 1, 8, and 17 are objected to because of the following informalities:

In considering claim 1, the phrase "consisted of" on line 14 of the claim contains incorrect grammar. It appears that the phrase should read "consisting of."

In considering claim 8, the word "comprises" on line one appears incorrect, and should read "comprising."

In further considering claim 8, the words "repeate" used in steps (b), (e), and (f), as well as the word "setp" in step (f) are misspelled.

In considering claim 17, the word "the" in the preamble should be changed to "a."

Appropriate correction is required.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 4 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In considering claim 4, as amended, the phrase "said Y" on line 6 of the claim lacks antecedent basis and is thus unclear.

***Allowable Subject Matter***

3. Claims 1-3 and 5-20 are allowed.

The claims are allowed for the reasons stated in the initial Office action. Notably, the prior art does not disclose all of the steps of the route information constructing methods claimed in claims 1 and 17 or the lookup system claimed in claim 10.

Claim 4 would be allowable if it overcame the 35 USC 112, 2<sup>nd</sup> paragraph rejection.

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
